

## **23-24 Board of Education's Goals**

- Continue to monitor and support progress on the Agricultural Center, Campus Childcare Center, and other bond funded projects.
- Work with the LBCC Foundation to enhance student success through support in development of strategies to address equity and holistic student affordability, identify resources for student emergency funding, and encourage scholarship opportunities.
- Engage in quarterly reviews and conversations regarding policy, activities, student success data indicators, and intentional actions that corroborates the college's commitment to advance institutional equity, diversity, and inclusion efforts that promote holistic success and well-being for all students, employees, and community stakeholders.
- Continue work to assure a high functioning Board through training opportunities, encouragement of thoughtful and thorough discussions at Board meetings, and recruitment that reflects diversity of talents, strengths, and representation.
- Assist President Avery in sharpening the future vision for the college, sustaining and expanding community relationships, and promoting college and student success.
- Maintain fiscal responsibility.
